Kelli is 24 years old and has the most beautiful brown eyes that would melt anyone's heart. As an employee of D & D Curators she looks after Woodville B.C. and Semaphore B.C. with an apprentice (Kyle). Kelli was quoted as saying "after playing the sport for so long I found the passion out on the green" (I wonder if that's where she met Chips). "It is a challenging but rewarding job". With the heavy dews lately I asked if she preferred the dew roller or the dew brush she replied she would have the brush anytime.

Kelli did her apprenticeship in W.A. and has represented Australia, W.A., S.A. and N.S.W. She is also a grand prix winner. Kelli now bowls for Lockleys B.C. and is the only female bowler to skip at Premier 1 so she must be able to bowl a bit. I suggested if she wants to improve she should put something in the diet coke, a greenkeeper that doesn't drink is a bit of a worry anyway keep it up Kelli, Nigel reckons you are doing a great job.
