

Cut and Rolled

Well viewers you have probably noticed I have given the Elizabeth Bowling Club fair belting over time, I did not realise that the culture in the area is a little different than the leafy suburbs. I have recently moved to Elizabeth Downs to be closer to my new club at Two Wells and have noticed many changes in lifestyle. Firstly if you wear a jacket a hood has to be attached and worn at all times and everyone seems to choose tracksuit style pants consisting of two-three stripes and on most occasions they tend to be one size too big. No one up here is married everyone has partners and when people wave they do it a little different they use the middle finger on the right hand held in a rigid position, also everyone thinks they are Jimmy Barnes' cousin. They also speak a kind of pigeon vocabulary cross between Sudanese, Aboriginal and English. My local shopping centre consists of three empty shops, a small IGA, a video shop combined with a laundrette, fish and chip shop, pizza bar and hair salon which is currently running a head lice removal special. The ovals and parks are very green with the majority planted with the sour sob type of grass and if you are lucky enough to drive a car or someone else's car you must drive one foot behind the car in front of you. Anyway I am looking forward to my time at Two Wells playing with some good blokes like Candlish and Franky Van.

Anyone looking to get in early on the Greg Daulby Memorial Natural Turf Men's Fours held at Salisbury Feb 9th give me a call on 0416679182.

Buster.
